

## *Project Contact*

Encourages friendship through correspondence and learning about people in other places.

### ALIGNED ACTIVITIES

Complete five activities centered around pen pal correspondence. You may receive one purple stud for each activity completed, in addition to the Project Contact emblem once all activities are completed.

1. Correspond with two pen pals in another city, state, or country. Get the names of other Camp Fire participants in the United States or contact organizations that can help find pen pals in other countries.
2. Correspond long enough to exchange at least six letters or other items with each pen pal.
3. Share any replies you get with your Camp Fire group, friends, or family.
4. Tell the pen pals about your Camp Fire adventures and experiences.
5. Make things to exchange with the pen pals. Consider making stationery. Or, take some photos or draw pictures of places in your community.

Recommended Ages | First grade and higher
