

Classic Discovery Progression

Capturing the core elements and values of the Camp Fire Discovery program, the Classic Discovery emblem progression is a progression that can be added alongside any Discovery Group goals and experiences.

Hand-in-hand with the Torch Bearers and Teens-in-Action, the Classic Discovery progression guides teens through personal development, leadership and influence, decision making, planning, community exploration and more, with added opportunities for outdoor exploration and community service leadership – culminating in the final emblem in the progression: Discovery Star (formerly known as the **S**ervice **T**o **A**nother **R**eward).
